Good Afternoon Bill,

Yes, I will have that information to you in that timeframe and that's not a problem, 95% of our workers are in-house. The only time we subcontract out would be a much more trade intensive project such as a store rewire or a HVAC condenser replacement or anything that typically exceeds \$50,000 per project. As for landscaping, snow and parking lot work orders, all those can be handled by our own crews.

UPDATE:

We need your response back by September 14th for the Target Opportunity, and note that as we sub to you, you will not be allowed to subcontract out.

Also, the Carvana Snow and Ice Proposal, we need something back this week, will that be possible

Respectfully,

Bill
